

Florissant Fire Rescue
Firearm Policy

The purpose of this policy is to make clear the position of the Florissant Fire Protection District (FFPD) and the Fire Chief with regard to the possession of firearms on FFPD property. It is the policy of the FFPD Board of Directors and the Fire Chief that no member will carry a firearm on their person at any time while on FFPD property or while performing any duties related to FFPD. This includes the physical property, District vehicles, while on any call for service, or while affiliated with any other District activities.

I understand that I will not have any type of firearm on my person while I am performing any activities as a member or representative of the Florissant Fire Protection District. This includes but is not limited to responding to calls for service, attending any District functions, attending any District trainings, or being present on FFPD property.

If in the event that I have a weapon in my possession I will secure it in my personal vehicle (POV) prior to exiting my POV on District property or on the scene of a call. I understand that it is my responsibility to ensure that any weapon is secured in such a manner as to prevent any unauthorized person from gaining control or possession of said weapon.

The exception to this policy is if a member is also a Law Enforcement official who is required to carry a firearm at all times.
