

Florissant Fire Rescue  
Accident Policy

This policy is for the event of an accident while attending an emergency call for service whether the individual is driving a department vehicle or a personally owned vehicle (POV).

If a member, volunteer, employee is involved in an accident it must be reported to the Fire Chief or the Officer in charge immediately. An accident is classified as anything major or minor. An accident will also trigger the need for a drug and alcohol test to be completed as soon as possible. You will be escorted by the Fire Chief or Officer.

I understand that it is my responsibility to act in a safe manner at all time when responding to an emergency call. Florissant Fire Protection District also understands that accidents do happen.

By signing this you understand what needs to take place in the event of an accident.
