

Website Accessibility Progress Report

Florissant Fire Protection District

Progress-To-Date Report – July 1, 2024

The Florissant Fire Protection District is committed to continued work to maintain an accessible website as described in the World Wide Web Consortium (W2C) Web Content Accessibility Guidelines (WCAG) 2.1 Level AA and HB21-1110 and HB24-1454 (the “accessibility standards”). The District will be updating this report quarterly based on the Compliance Stages described as Exhibit A.

As of July 1, 2024, the District makes the following progress report an is on Step Four:

Stage One: The District has assessed the accessibility of the website and noted actions that must be taken to improve the site’s accessibility.

Stage Two: The District or a representative has attended various training seminars and webinars related to website accessibility and remediation.

Stage Three: The District has taken steps to contract with a website host to begin maintaining and/or updating the website pages to be navigable and accessible to all users.

Stage Four: The District has prepared a plan and policy to comply with the necessary accessibility standards and actions necessary to remediate all documents found on the District’s website to be accessible to all users.

Stage Five: The District has completed all necessary updates to become compliant with accessibility standards and will continue monitoring and updating the website indefinitely.

The District intends to complete all Stages no later than July 1, 2025.

If you need any assistance regarding accessibility issues, please contact our compliance officer at DistrictAdmin@florissantfire.com or 719-748-3909.
